

Rules for Hospital Visitation:

1. The following guidelines are based upon our facilities' structure and capabilities to ensure we are adhering to regulatory mandates while still meeting the resident's needs to the best of our ability.
2. All visitors regardless of vaccination status, must be screened for symptoms such as fever, cough, shortness of breath, etc. If the visitor has symptoms or has had a possible exposure, they will need to reschedule their appointment, regardless of their vaccination status.
3. All resident visitations will be provided by appointment only through our Activities
4. Visitors should not walk around the hallways of the facility and should go directly to the visitation area.
5. Visitors who are unable to adhere to the core principles of COVID-19 infection prevention will not be permitted to visit or will be asked to leave.

Outdoor Visitation:

Visits will be outdoors for all visits if the visitors cannot produce either proof of vaccination or a negative Covid test within the last 72 hours. All visitors will be required to wear a mask during visitation.

Indoor Visitation:

Indoor visitors scheduled for visits within the lobby or designated visitation room will be required to provide proof of vaccination upon arrival.

- A. Proof of vaccination includes:
1. Bringing in your vaccination record card, which includes the name of the person vaccinated, and the date that the last dose was administered.
 2. A photo of your Covid-19 vaccination card as a separate document or electronic device.
 3. Documentation of Covid-19 vaccination from a healthcare provider

If you are unvaccinated or partially vaccinated, you will need to provide proof of a negative Covid-19 test performed within the past 72 hours.

Rules for visitation also apply to the Emergency Room and Acute.

Rules for visitation do not apply for outpatient services, such as Rehabilitation, Laboratory, and Diagnostic Imaging. Those receiving outpatient services should not enter the facility if they are experiencing flu or cold symptoms, and will be required to wear a surgical mask at all times.
